	Lang/Culture	See list of options	Core Curriculum	3	BIOL 206L	Anatomy & Physiology II Lab	Major Collateral	1
	Elective	Professional Elective list #2*	Professional Elective	3	CORE III	Junior/Senior Capstone	Core Curriculum	3
	Elective	Academic Minor / Free Elective**	Elective	3	Elective	Academic Minor / Free Elective **	Elective	3
		Total		16	Applied Learning	? Shadowing Hour Req. within PA 302	Core Curriculum	
					Total		14	
Total Credits: for bachelor degree, 128 (includes didactic year)								

This paradigm is in effect for all students in the Fall of 2024 and after.

*Professional Elective courses: Students must complete one course from List #1 and one from List #2. Core Curriculum requirements cannot be double-counted for Professional Elective courses.

**Academic Minor / Free Elective courses: Students are strongly encouraged to select an academic minor that matches their individual interests and enhances their professional profile as a physician assistant graduate. Students who choose not to pursue an academic minor may choose to take additional free elective courses. An academic minor course may double count as a General Elective course.
