*General Education/PA Math Requirement: PA requirement is MATH 110 or higher or any STAT course. General Education requirement does not include any STAT course. So, if you choose to take a STAT course, you must also complete a MATH course that meets the General Education requirement

** Professional Elective courses: Students must choose one course from each of the approved Departmental lists. General Education course requirements cannot be double counted for Professional Elective courses.

*** Academic Minor/Free Elective courses: Students are strongly encouraged to select an academic minor that matches their individual interest and enhances their professional profile as a physician assistant graduate. Students who choose not to pursue an academic minor may choose to take additional free elective courses
