FREE	Free Elective	3
FREE	Free Elective	3
		15

*Sequence of courses may be altered with advisor's approval; a total of 128 credits are needed for graduation.*

NOTE 1: Students MUST complete a minor or second major. If the minor requires more than 3-credits per class, a student does not need as many free electives. Once the minor requirement is met, a student can fill in with free elective(s). The total credits needed by graduation must equal 128.

NOTE 2: This requirement can also be satisfied with LIT 201, 202, 204, 207, or 270

NOTE 3: The Writing Competency Exam (WCE) must be completed and passed in the junior year; if it is not the student will be automatically enrolled in CORE 199, a 1-credit writing course that will help improve writing skills.

NOTE 4: PSYC 410 (elective) and 322 = even-numbered year spring semester. PSYC 323 = odd-numbered year spring semester. PSYC 302 = every odd-numbered year fall semester. Please plan your schedule accordingly.

NOTE 5: A maximum of 3 credits each is allowed for PSYC 398-399 and PSYC 501 for the General Liberal Arts Track. Also, if your 2nd major or concentration requires an internship it may count towards this psychology requirement with completion of a course substitution waiver form.
